Static Analysis

There is 1 warning and 17 messages.

Warnings:

- CA1842 Marcar ensamblados con NeutralResourcesLanguageAttribute. This warning was ignored due to it's reference to an external file. In this project this warning is prevented from becoming an issue by using CultureInfo in the places where it could generate a problem, so it will never cause trouble.

Messages:

- x17 -> IDE0044 Hacer el archivo solo de lectura. These messages were ignored because the attributes they were referencing were meant to not be readonly as they are altered through the project (or could be).
